"TCA's products have proven to be one of the best investments for our school. They have become essential to our student success!"

Dr. John Cox  
Former Assistant Superintendent  
of Instruction  
Charles County  
Public Schools, MD

## School-wide Online StudyGuide™ for SAT/PSAT or ACT

### Online StudyGuide™ for the SAT /PSAT or ACT

- Real tests provide you and your students a precise diagnostic of skill deficiencies.
- Remediation using lessons and quizzes tailored to individual student needs based on diagnostic results.
- Data feedback to educators to monitor progress and drive instruction.

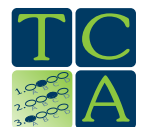

*FinalPrep™* - This web-based tool is ideal for use during the final days before students actually take the test. FinalPrep is designed to ensure that key concepts covered by the test are fresh in the student's short-term memory and can be retrieved on examination day. FinalPrep gives your students the boost they need by providing a focused review when they need it most.

**Blackline Masters** - This version of our StudyGuide program contains all of the skill lessons and quizzes as a PDF file. They are designed for classroom use and for students who may not have a computer at home.

**Online StudyGuide™ Video Tutorials** - Online access to interactive tutorials that provide detailed instructions for all the features and functionality of the Online StudyGuide.

# Support Tools

**WritePrep™ Passes:** Online essay grading using state-of-the-art techniques. Student essays are accurately graded in seconds rather than days and include an analysis of specific weaknesses.

**Curriculum Guide for the SAT and ACT:** Designed to compliment the Triumph College Admissions Online StudyGuide for the SAT or ACT. We developed the Curriculum Guides based on feedback from classroom teachers, principals and district administrators to accomplish three goals:

1. Help schools and districts build consistent SAT/ACT prep programs across classrooms and schools.
2. Bring the power of the Online StudyGuide directly into the SAT/ACT prep classroom.
3. Enable Core Curriculum teachers to support SAT/ACT prep efforts.

**Scanning Sheets:** Record test answers for diagnostic tests quickly and accurately using these scannable answer sheets.

**Elevating Your Writing Skills by Larry Krieger:** A follow-on book to his highly acclaimed Mastering the Verbal SAT/PSAT used in hundreds of schools across the nation to raise scores on the old SAT. This new book is designed for the classroom, providing practical lessons and strategies for the grammar, usage, mechanics, and essay writing skills.

## Professional Development

We provide two different Professional Development implementations that can be supported within any school environment. Our Professional Development offerings are flexible to allow you greater opportunities to provide advancement for your teachers and staff.

**QuickStart:** To get you up and running quickly, TCA provides a one-day professional development workshop on-site. Taught by a master educator, this workshop prepares teachers, counselors, curriculum specialists, and administrators for immediate implementation of our successful TestPrep program.

**Online Quick Start:** Quick start webinar that works like on-site QuickStart, but on the web, in less time and at a lower cost.

**Job-Embedded:** Our consultants come to your school during the school day and work with your teachers in a class room or lab situation to refine their understanding of our TestPrep System. In addition, we can work with you to design a TestPrep Action Plan and show you how to evaluate and apply student data to generate lessons that address the needs of large groups or individual students.
